No fees are to be taken which would be payable by any public department: but in Criminal proceedings such fees shall nevertheless, where they would ordinarily be payable, be taken as paid for the purpose of assessing any costs which the Court shall direct to be paid; and in cases where if the defendant should be convicted, any prosecutor or informant would in the opinion of the Court be likely to obtain any part of the penalty or forfeiture, the Court may require the fees for service to be paid.

NOTE:—

- (a) In all cases the value of the property involved or the amount of damages claimed, must be stated in the writ of summons.
The value of land which is the subject of any proceedings shall not be taken at less than £50, except by direction of the Court. Where a writ of summons contains a claim for an injunction besides some other claim only half the fee which is payable on an injunction shall be taken. In all other cases where one summons contains more than one claim, separate fees are payable on each claim.
The same fees are payable on a counter-claim as if the claim had been made by summons.
Penalty for under-estimating the amount involved or value of property in question to be three times the fee payable on the full amount or value in addition to the fee already paid.
- (b) Where an officer serves or executes more than one document or writ on the same route, one mileage fee only is to be charged, and it is to be apportioned amongst the documents or writs.
Where the Sheriff or Registrar executes any duty in person by direction of the Court he is entitled instead of mileage fees, to his actual travelling expenses and such travelling allowance as the Court may direct.
The fees paid to the Sheriff and Bailiffs cover all such expenses as cost of paper, preparation and posting up and delivery of notices, hiring and ringing of bells and the like.
For the performance of any duty not expressly provided for, an officer may receive such fee as the Court may allow.
- (c) The parties or either of them may by leave of the Court provide their own interpreter.
- (d) These fees, together with necessary travelling expenses, if any, shall be paid out of the Colonial Treasury to the persons entitled thereto.
- (e) The travelling expenses of witnesses in all civil and criminal causes and at inquests shall be allowed according to the sums reasonably and actually paid.
An officer in the public service when summoned as a witness, except when summoned by the Crown, is allowed costs and travelling expenses as if he were not in the public service.
Where a witness actually attends for less than one hour, he may be allowed only half costs if the Court thinks fit.

COUNCILS AND ASSEMBLIES.

1922.

The Conditions of appointment to the Executive and Legislative Councils are laid down in the Instructions passed under the Royal Sign Manual and Signet to the Governor and Commander-in-Chief of the Gold Coast Colony, dated the 20th September, 1916.

The members of the Executive Council are the Officers for the time being lawfully discharging the duties of Colonial Secretary, Attorney-General, Treasurer, Director of Medical and Sanitary Services, Secretary for Native Affairs, and are styled *ex-officio* members.

The Legislative Council consists of the members of the Executive Council, the Comptroller of Customs, the Director of Public Works, the General Manager of Railways, the Commissioners of the Western, Central and Eastern Provinces, who are styled *ex-officio* members; and nine Unofficial Members who are liable to vacate their seats at the end of five years from the dates of the instruments by which they are appointed, or at such earlier dates as may be provided by the instruments appointing them.

The periods of meetings of both Councils depend on the amount of business to be dealt with.

There are no Acts by which the duration and periods of sessions are regulated, but the Councils meet on such days as the Governor determines.

IMPORTS AND EXPORTS
FOR THE YEAR
1922.

PREFATORY NOTE
FOR USE AS AN INTRODUCTION TO THE BLUE BOOK
RETURNS OF IMPORTS AND EXPORTS.

ALL TABLES RELATE TO THE CALENDAR YEAR.

SUMMARY TABLES.

Table 1 shows the total value of imports from each principal country, including bullion and specie, together with classifications in groups under the four main heads of—

1. Food, Drink and Tobacco.
2. Raw materials and articles mainly unmanufactured.
3. Articles wholly or mainly manufactured.
4. Miscellaneous and unclassified.

A separate column records the particulars in respect of bullion and specie.

Table 2 gives like particulars in regard to Domestic Exports, and table 3 furnishes similar information with respect to re-exports,

Table 4 shows the value of total exports to each country by classes.

DETAILED TABLES.

Tables 5 and 6 show in alphabetical order imports and exports of articles from and to each country.

The table relating to imports (table 9) shows separately the "Total Imports" and "Imports for Home Consumption." The total imports include all goods landed and afterwards re-exported. The imports for Home Consumption include goods entered for use in the Colony at the time of importation, and goods cleared for home use ex-warehouse.

Countries to which Imports and Exports are credited.

Imports are classified as received from the countries whence they were consigned. These countries are not in all cases the countries of actual origin, since goods produced in one country may be purchased by a firm in another country, and thence despatched, after a longer or shorter interval, to the Colony, in such a case the second country, being the country of last ownership would be the "Country whence consigned"

Exports are credited in the tables to Countries to which they are consigned whether that country possesses a seaboard or not.

Method of ascertaining quantities and values of Imports and Exports. The statements of quantities and values are based on the declarations of importers and exporters as subsequently checked by the Customs Officials. Where goods are entered by weight the quantities shown as imported (except in cases where duty is charged on the gross weight) and exported represent the net weight exclusive of packages, sacks, casks, etc, in which they may be contained.

The values of imports are exclusive of the amount of duty and are "c.i.f."; the values of exports are "f.o.b." values inclusive of export duty.

Imports by parcel post are not classified according to their nature but are separately recorded at the end of the table of imports and are entered according to value.

NOTE The Imperial Conference (para. 12 J) recommended that "Export duties" should be excluded in calculating the "Current Domestic Value" of goods (see also para. 13 in appendix B page 19 of report).

2. FORESTRY.

(a)

(b)

* Total Acreage of Forest Lands.			Cut of Timber of each kind and yield of Forest Products.	
Acreage under commercial timber.	Acreage of other forest lands.	Total Acreage.	It is impossible to state how much timber of each kind was cut during 1922, as a lot of trees are felled for extension of cultivation and for local use both for industrial (Railway and Mines) and domestic use. The quantity of Mahogany exported was 2,429,383 cubic feet.	
14,000 Sq. miles.	24,111 Sq. miles.	38,111 Sq. miles.	The quantity of timber converted by Saw Mills in the Country was viz.:-	
			Government Saw Mill, Dunkwa	.. 287,000 superficial ft.
			The Railway Saw Mill, Secondees	.. 220,000 do.
			Messrs. Brett & Co. Saw Mill, 13 mile point, Secondees 53,000 do.
				560,000
			The out turn from other saw mills and pit sawn timber is not available.	

* These are the same figures as were reported for 1921. An appreciable reduction has, during the year, been made in the Acreage shown in both Column I and Column II, but no figures are available.

3. FISHERIES.

Fishing is carried on in practically all the towns and villages on the Coast. In most cases the fish caught are dried and sent up country but no reliable figures are available.

The catches vary enormously and in many districts fishing is only carried on intermittently; as a rule no fishing is done on Tuesdays and Fetish days.

Drift Seine and Ali nets are used and occasionally hook and line.

The boats used are almost entirely canoes; the lack of a deep water harbour rendering the use of steam trawlers an impossibility.

The fish caught are :—

Herring, Skate, Mackerel, Chele, Catfish, Shad, Crayfish, Soke, Turbot, Cod, Turtle, Red Mullet, Lobster, Crab, Oysters and Prawns.

These names do not necessarily represent the exact European equivalent.

The prices vary so much that any figures would be misleading. In some districts fish is exchanged for foodstuffs, but in most cases is sold to inland Towns and Villages. The prices have considerably increased during the past year; this is attributed to the increase in cost of fishing material, and of transport.

In some districts a decrease in the industry of as much as 50% is reported due to the increased cost of materials.

The fishermen engaged are all British subjects.

REMARKS.

* By "Penal Imprisonment" is meant imprisonment inflicted as a substantive punishment in pursuance of a sentence of a Court of Justice distinguished from imprisonment for safe custody, &c.

THESE QUESTIONS ARE TO BE FILLED UP IN RESPECT OF EACH
PRISON IN THE COLONY.

Questions.

Answers.

I. If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?

1. There are at present no Prisons in the Colony on the separate system. Secondee Central Prison was originally built on the separate system, but owing to the increase of prisoners it is impracticable to enforce separation, except in the case of a condemned prisoner or for the purposes of punishment. A portion of the building at Accra James Fort Prison also has separate cells but for the same reason separation can only be enforced in exceptional cases.

Apart from the exceptional cases mentioned above, prisoners work and sleep in association.

2. Female prisoners are kept in a separate portion of the prison from the males.

II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?

II. The Prisoners work in association both inside and outside the Prison walls, and are at all times under the supervision of Warders.

III. How many cells are there; and how many associated wards?

III. The following table shows the number of associated wards in the various Prisons in the Colony.

V. How are the Prisoners classified?

V. The following classifications, in accordance with Regulations 18 and 29 of Regulation 29/1922 are observed :—

Prisoners before trial are kept apart from convicted prisoners:

Juveniles under 14 years of age, from adults, as far as practicable: debtors, from criminal prisoners.

There is a further classification for purposes of labour, etc.,

- (a) Those undergoing hard labour of the first class:
- (b) Those undergoing hard labour of the second class:

- (c) Those undergoing light labour by order of the Medical Officer, and there is a "special" class with certain privileges for well behaved convicts.

VI. Is penal labour—that is, labour by treadmill, crank, or shot drill—in force?

VI. There is no labour by treadmill or crank—Shot drill in force, but used only as punishment for offences against prison discipline.

VII. If so, during what periods of imprisonments, in respect of what classes of prisoners, and during how many hours, is such penal labour enforced? In stating hours of treadwheel labour, give, first, the total time on and off at the wheel, &c.; secondly the length of spells and intervals of rest.

VII. The period of punishment drill does not exceed one hour and a half in the morning and one hour and a half in the afternoon with an interval of at least one hour, the prisoner having been first certified by the Medical Officer to be fit to undergo shot drill.

*Questions.**Answers.*

XIV. Is there, or are there, any Chaplain or Chaplains of any, and what, religious persuasions?

XIV. There are no Chaplains appointed, but the Clergy of the Society for the Propagation of the Gospel, the Wesleyan, the Scottish, and Roman Catholic Missions visit the various Prisons.

XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and if any, what religious persuasion?

XV. At James Fort, Accra, service is held every Sunday either by the Clergyman of the S. P. G. Wesleyan Minister, or Scottish Mission.

At Quittah service of the African Methodist Episcopal Zion Church is held on Sundays.

At St. Jago Fort, Elmina, once a month and occasionally by the Wesleyan Minister, and Roman Catholic Priest on Sundays; at Cape Coast regularly on Sundays, by the Clergyman of the S. P. G.

At Coomassie by a clergyman from the Scottish Mission Society.

At Secondee by a Clergyman of the S. P. G.; also by the Roman Catholic Priest and Wesleyan Ministers.

XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? And are they apprised when prisoners of their respective persuasions enter the prison?

XVI. Yes,—but at the prisoner's own request, or in cases of prisoners under sentence of death. It is not, however, customary to apprise them when prisoners of their respective persuasions enter the prison.

*Questions.**Answers.*

XVII. What provision is made for the education of prisoners ?

XVII. None.—They are provided with books if they ask for them and can read.

XVIII. On what conditions are remissions of imprisonment granted ?

XVIII. Every convict sentenced to penal Servitude or imprisonment for two years or upwards has his time of detention represented by a certain number of marks, and, if, in accordance with the Rules in force, he by hard and steady labour earns that number of marks before the expiration of the term for which he be sentenced, he shall be discharged.

Every such Convict may earn a remission of one fourth part of his sentence less the first three months.

Remissions are also granted by the Governor as acts of grace upon the recommendation of the Chief Justice or Inspector-General of Prisons or Medical Officer.

XIX. Have Coroner's Inquests been held on every occasion of a death in prison during the past year ? And what were the verdicts ?

XIX. Yes. The verdicts were all deaths from natural causes or by hanging in execution of the sentence of the Court.

<i>Lorries.</i>					
(a) Autocars	U.S.A.	30 cwt.	Weights of chassis are those usual for standard types. The bodies are usually made locally, and vary greatly in weight ranging from a light platform to heavy box and covered-in types.	This cost is governed by the class of road in the locality where the transport is required. (c) Generally the rates are 1/9 for long distance where heavy lorries can be used, and up to 5/- for short runs or where light lorries only can be used.	(a) Vehicles usually fitted trailers where trailers are used the capacity of vehicles is raised up to 60% over the nett lorry capacity. (b) Fitted with untamperable-governors. Tare weights and capacity have been inserted.					

Tare weights and capacity have been inserted so that when the above is read in conjunction with Roads report, the type of vehicle operative on different sections can be seen. Single-pneumatics only are permitted under existing Roads Ordinances. Only two wheeled trailers are in general use at present but experiments with six-wheeled type of attachments are now being conducted. The import of vehicles with left hand drive is now illegal, but vehicles already in the Colony fitted with left hand steering are still permitted to be used. (c) Based on existing Government contracts for hire of Motor Vehicles the West African Lighterage and Transport Company, and Messrs. F. & A. Swanzy, Ltd.

urther Notice.

PORTS AND HARBOURS.

There are no harbour facilities in the Gold Coast except at Secondee and Accra.

Ships lie in open roadsteads and are worked by surfboats at Axim, Cape Coast, Half Assinie, Quittah, Addah, Vinnebah and Saltpond which have resident officers of Customs.

Dixcove, Elmina, Atuabo and Appam are sufferance wharfs, and Customs Officers attend by arrangement.

At Secondee a small breakwater encloses a limited sheltered area for Surfboats, Launches and Lighters which can be discharged direct on to jetties which are provided with cranes capable of a lift up to 10 tons.

At Accra a small breakwater provides a small sheltered area for Surfboats only. A jetty is being constructed which when completed will enable cargo to be landed direct from lighters and surfboats. At present heavy articles have either to be floated ashore or conveyed on rafts constructed of Surfboats lashed together, and are hauled up the beach by means of cranes.

At Addah bar boats are in use capable of towing hundred ton lighters across the bar and alongside the wharf.

The scheme for a deep water harbour at Takoradi has been approved and work is in progress.
